The Organizing Committee invites you to the 1st International Conference on Biodiversity & CEBREM 6th year Anniversary. This International Conference on Biodiversity and CEBREM 6th year Anniversary is organized and hosted by the Center for Biodiversity Research and Extension in Mindanao (CEBREM), Central Mindanao University, Philippines, the Academic Paradise of the South.

Rationale:

This year's 1st International Conference on Biodiversity and CEBREM 6th year anniversary aims to gather the researchers from academic institutions, local government units, government agencies, students, and other stakeholders to effect healthy ecosystems thereby providing the appropriate ecosystem services for man and the whole biosphere.

Objectives of the Conference:

This International Conference on Biodiversity is purposely organized to:

- a. present current trends in biodiversity and ecological research;
- b. disseminate biodiversity and ecological research results to teachers, researchers from academic institutions, policy makers, donors and other stakeholders;
- c. give insights to LGU's, administrators, and heads of offices for policy formulation; and
- d. strengthen research linkages/collaborations among researchers and other stakeholders.

TRAVEL INFORMATION

TRANSPORTATION

How to get to Central Mindanao University?

The 1st international conference will be held at the Farmers Training Center, Central Mindanao University (CMU), Musuan, Bukidnon, Mindanao, Philippines. The University is in the Municipality of Maramag, with the clearly visible landmark “Musuan Peak”.

The closest airports are those in Davao (direct flights from Manila, Cebu, Zamboanga, Iloilo, Puerto Princesa, and Singapore) and Cagayan de Oro City. Cagayan de Oro port receives passenger boats from Manila, Cebu, Tagbilaran, Bacolod, Dumaguete, Iloilo, and Jagna, Bohol. Davao International Airport is the preferred airport since there are a number of flights in a day.

For those arriving by plane, a trip by land is required from either Cagayan de Oro City or Davao City. From the Laguindingan airport, you may take a van to the Agora Bus Terminal in Cagayan de Oro City. Take a Davao-bound bus; the 126 km trip to Musuan, located between Valencia and Maramag, usually takes 4-5 hours. An alternative is to rent a vehicle from the airport all the way to Musuan. The fare should be agreed upon before

the trip.

From the Davao City airport, take a taxi to the Ecoland Bus Terminal. Take a Cagayan-bound bus for the 154 km trip to Musuan (located after Maramag and before Valencia). The land trip that passes the scenic and high elevation Marilog Forest and Mt. Salumay usually takes 4-5 hours.

All participants must alight at the Main Gate of Central Mindanao University.
